THE EH-TEAM

ELEVATE YOUR TRADE

At the heart of Canada's trade sector is a group of visionaries affectionately known as the **EH-TEAM.** Their primary Mission is to "**ELEVATE YOUR TRADE**", blending their passion, industry experience and wisdom with a sincere desire to set a new standard, one installation at a time.

Being an **EH-TEAM** Member means you pursue excellence with every job, continually raising the bar and inspiring industry peers to 'up' their performance. For **EH-TEAM** Members, true fulfilment comes from sharing their expertise with others and mentoring those newer to the trade.

A unique and appealing culture of 'Community Over Competition' energizes **EH-TEAM** Members, ensuring the transfer of enthusiasm and experience. Be sure to meet a Member at the next Trade Show or Industry Event. **EH-TEAM**'ers are always happy to discuss how You can **ELEVATE YOUR TRADE**!

"18 years in the HVAC&R trade and certified as an industrial gas fitter to work on large burners. This comes in handy with three fiery daughters! The team I work with for my '9 to 5' is amazing. Supporting them so they can elevate their trade is my greatest accomplishment. Working with and helping others in this community has also been incredibly rewarding. I've learned that many subject matter experts in this field are always open to helping!"

- **Jason Norman @HVAC_Jay604**
